The Governor's Budget Published on December 15, 2008

This addendum includes the December 15 changes to Governor's budget request for the Addictive and Mental Disabilities Division. This addendum explains the differences between the executive budget released November 15, 2008 as reviewed and evaluated in the Legislative Budget Analysis 2011 Biennium, Volume 4 and the December revisions.

The Addictive and Mental Disorders Division (AMDD) 2011 biennium budget request increases 7.1 percent compared to the 2009 biennium in the revised executive budget, 1.3 percent lower than the budget published in November. The majority of the reduction is in general fund - \$2.4 million. The reduction is due to:

- Eliminating provider rate increases
- Reducing the funds for Goal 189 services to transition persons from or prevent their admission to the state hospital
- Reducing requested increases for the state hospital
- Increasing vacancy savings from 4 to 7 percent for non institution staff

The differences between the November 15 executive budget and the revisions made on December 15, 2008 are explained in greater detail in the following discussion. The final table lists all of the present law adjustments and new proposal requests included in the Governor's December 15, 2008 budget.

Executive Budget Changes

The revised executive budget reduced both present law adjustments and new proposals, with the majority of the reduction in new proposals. The top section of this table shows the original budget request for the base budget, present law adjustments, and new proposals for general fund and total funds and compares the total funding for the November 15 budget to the December 15 revised budget. The changes to individual components of the budget request are listed below the division summary.

Present Law Adjustments

Neither of the new present law adjustments was included in the November budget request so there is no reference to the Legislative Fiscal Division budget analysis.

PL 33504 – This adjustment eliminates the equipment request for the state hospital.

DP 7101 – Fuel Inflation Reduction – This request eliminates the inflationary increase for gasoline and diesel included in the original budget. The total reduction is \$10,762 general fund, and \$11,174 total funds.

New Proposals

Page B-316 of the January 2009 Legislative Budget Analysis, Volume 4

NP 33408 - Annualize Intensive Community Services (Goal 189) – This new proposal was reduced from \$800,000 to \$400,000 general fund each year of the biennium. The request funds services to transition persons from the state hospital to community services or to prevent their placement in the state hospital.

Page B-317 of the January 2009 Legislative Budget Analysis, Volume 4

NP 33201 – Provider Rate Increase AMDD – The new proposal for a 1 percent annual provider rate increase was eliminated.

NP 33775 – Restore MSH Operating Base Budget Reduction MSH – This new proposal was reduced from \$400,000 to \$200,000 general fund each year of the biennium.

NP 8101 – Increasing 4% Vacancy Savings To 7% - This proposal increases vacancy savings from 4 percent to 7 percent. The 4 percent reduction is included in the statewide present law adjustment. The proposal decreases the general fund by \$69,512 over the biennium and \$169,032. The additional vacancy savings were not imposed on personal services costs for institutions.
